### **1088<sup>th</sup> meeting. December 27, 2006: Annual holiday party!**

(reported by *Herb Miles*)

Honored member Ed Fulwider was asked to swear in the new Board for the 2007 year and did so naming the following as officers and governors for the 2007 term.

President: *Michael Wehner*  
Vice President: **Vacant!**  
Secretary: *Herbert Miles*  
Treasurer: *Michael Whalen*  
Governors: *ex-officio Sarah Nordin*  
*Sandra Whalen*  
*Gordon Donnell*  
*Ed Treuting*

After installation of the Officers and Governors, the membership began to enjoy the evening with the goodies brought by everyone, munchies, including cheeses, Chinese Food, cookies, wine and juices, sourdough bread, candy, cakes, and other sweets. It was a marvelous occasion and ended too soon!

### **Vice president's seat still vacant**

Note that the vice president does not have the duty to secure speakers for each meeting, that is a misconception and the only official duty is to stand in the president's place should the president be absent or unable to perform his or her duties. Please consider volunteering for the position as the president's real job (yes, he has one) will take him away from a few meetings this year.

### **2007 Annual Dues**

If you have not paid your 2007 dues, you are late! Individual dues are \$20 per year with each additional family member only \$5 more.

### **2007 future programs**

February: *Daniel Feldman*, title to be announced.

The rest of the year is wide open. Pick a date and contact Michael Wehner if you would like to speak in 2007 at (415) 928-4469 or [mf\\_wehner@yahoo.com](mailto:mf_wehner@yahoo.com)

### **1906 gift of France to San Francisco by Michael Wehner**

In 1909, just after the great earthquake and fire, the French ambassador to the United States presented a gold example of the large medal pictured above to the City of San Francisco. Speeches were made by the ambassador and local politicians to a large crowd. The medal was struck by the Monnaie de Paris and designed by Louis Bottee. In addition to the unique gold medal, periodically displayed at City Hall, at least three silver examples were presented. One to the mayor of San Francisco, one to the governor of California and one to the President of the United States. I have seen two examples in silver. One of these is the specimen given to the mayor and is now owned by a private collector. The other is in the San Francisco Public Library. It is housed in a small velvet line case with a small engraved metal tag that has the date "1967" on it. Also, I have seen a third silver example in an old auction catalog. Bronze examples come on the market rarely. I can find no mention of bronze examples in San Francisco newspapers that describe the event. Gold plated silver (10) and gold plated bronze medals (99) were recently restruck by the Monnaie de Paris Two outstanding questions remain:

- 1) Was this medal restruck in silver? How many were made? When was it done?
- 2) When was the medal struck in bronze? How many of these were made?
