## JANUARY PROGRAM RECAP: ENCASED HALF DIMES

Bill Hyder distributed a handout illustrating a group of zinc-encased half dimes from around the 1840s, and described how he was introduced to them by collector Steve Crane who was hoping to learn the details of their production and purpose.

Bill's own online research suggested these objects were created and sold in conjunction with Mesmerism and quack medicine practices of the time. Some of them appear to have been constructed to create a galvanic reaction when held in the palm of one's hand.

## AWARDS PRESENTED

President Hyder presented engraved award medals which had been approved late in 2015 to several members.

- Mary Lannin *First Time Speaker's Medal*
- Dan Hipple *Special Sponsor for the Centennial*
- Stephen Huston *Distinguished Member*
- William Hyder *Fellow of the Society*
