1292nd Monthly Meeting
California's Lumber Industry Through Its Tokens
Federico Castillo
and
2023 General Business Meeting
Wednesday, December 27, 2023, 7:30 PM PST
Online

The lumber industry is one of many whose employees frequently lived in “company towns,” particularly during the late nineteenth and early twentieth centuries. Company towns typically operated on a system of scrip and tokens for routine commerce. As such, employers exerted a great deal of control over their employees lives.

December's meeting on **Wednesday, December 27** will feature a presentation by **Federico Castillo** on the history of lumber companies in California as reflected by their tokens. Plan to exhibit your own favorite lumber company tokens, wooden nickels, or one of your recent acquisitions. So that everyone may participate, please take pictures of your exhibits to facilitate viewing on Zoom.

Federico's presentation will follow PCNS' annual business meeting, when we will elect officers for 2024. We're always looking for fresh faces to get involved in the leadership of PCNS. Nominations are open until voting begins at the December 27th meeting, so feel free to nominate yourself!

NOVEMBER MEETING RECAP

Matt Ruttle presented a detailed talk on the life and work of J.B. Frener, the subject of his recently-published biography. Frener was born December 1821 in Switzerland, and his artistic talent was recognized early. It led to study in Paris and Florence, before returning to Lucerne.

A visiting commission from Guatemala noted the quality of his work and offered him a job at their mint. While mourning the loss of his first of several wives, he took a chance on that position and moved to Central America in the 1850s. There he went on to produce many coins and medals for several Central American countries. Some of the medals are very rare, and many of the coins he designed are extremely valuable.

Matt presented many details about specific numismatic items created by Frener. A complete listing of these works can be found in *Johann-Baptist Frener, Life & Works 1821-92*. We encourage you to watch Matt's talk on the [PCNS YouTube channel](#), in which you may learn about ordering a copy for yourself.

Michael had three items. First was a link to his article in the TAMS Journal about the Point Bonita Lighthouse. He testified before the U.S. Senate in the past month, and 'collected' a coaster that was used there. And he showed a Count Piccolomini medal from 1836, mentioning California. The 'California' territory mentioned on the medal was actually part of Mexico at the time.
